

# Diesel Engine Panels

## IMUP-WP02Vxx Weatherproof Panel:

### *Components:*

- Oil Pressure (0 to 100 psi)
- Water Temp (0 to 120 °C, 10ft Capillary)
- 518 Shutdown relay
- 3m Capillary & Loom
- Keyswitch
- Charge Lamp & Fuse
- xx = 12 or 24 VDC (must be specified at time of order)

## IMUP-WP04Vxx Weatherproof Panel:

### *Components:*

- Oil Pressure (0 to 100 psi)
- Water Temp (0 to 120 °C, 10ft Capillary)
- 518 Shutdown relay
- 3m Capillary & Loom
- Water Pressure Hi/Lo (0 to 150 psi)
- Water Pressure Bypass Switch
- xx = 12 or 24 VDC (must be specified at time of order)

## IMUP-WP05Vxx Weatherproof Panel:

### *Components:*

- Oil Pressure (0 to 100 psi)
- Water Temp (0 to 120 °C, 10ft Capillary)
- 518 Shutdown relay
- 3m Capillary & Loom
- Water Pressure Hi/Lo (0 to 150 psi)
- Water Pressure Bypass Switch
- Electronic Run Timer (0 to 100 hours)
- Volt Meter
- Keyswitch
- Charge Lamp & Fuse
- xx = 12 or 24 VDC (must be specified at time of order)

## IMUP-WP07Vxx Weatherproof Panel:

### *Components:*

- Oil Pressure (0 to 100 psi)
- Water Temp (0 to 120 °C, 10ft Capillary)
- 518 Shutdown relay
- 3m Capillary & Loom
- Tacho/Hourmeter (0 to 4000 RPM)
- Volt Meter
- Keyswitch
- Charge Lamp & Fuse
- xx = 12 or 24 VDC (must be specified at time of order)

## IMUP-WP09Vxx Weatherproof Panel:

### Components:

- Oil Pressure (0 to 100 psi)
- Water Temp (0 to 120 °C, 10ft Capillary)
- 518 Shutdown relay
- 3m Capillary & Loom
- Water Pressure Hi/Lo (0 to 150 psi)
- Water Pressure Bypass Switch
- Run Timer to 100 hours
- Tacho/Hourmeter (0 to 4000 RPM)
- Volt Meter
- Keyswitch
- Charge Lamp & Fuse
- xx = 12 or 24 VDC (must be specified at time of order)

## IMUP-WP15V12 Weatherproof Panel:

### Components:

- Next Gen Murphy PowerView PV380 Controller
- 3.8" Transflective LCD viewable in Full Sun
- Onscreen Oil Pressure 0 to 100 psi (1/8" NPT Male Sensor)
- Onscreen Coolant Temperature 0 to 120 °C (1/2" NPT Male Sensor)
- Onscreen Water Pressure 0 to 150 psi (1/4" BSPP Transducer)
- Onscreen System Voltage
- Run Timer to 100 hours
- Keyswitch
- Panel Mount Blade Fuse
- Simple and User Friendly operation
- First Out Indication with simple text descriptions
- 12 VDC

Imported to order

## IMUP-WP25V12 Weatherproof Panel:

### Components:

- Next Gen Murphy PowerView PV380 Controller (3.8" Transflective LCD viewable in Full Sun)
- Oil Pressure (0 to 100 psi)
- Water Temp (0 to 120 °C, 10ft Capillary)
- Water Pressure Hi/Lo (0 to 150 psi)
- Water Pressure Bypass Switch
- Run Timer to 100 hours
- Keyswitch
- Charge Lamp & Fuse
- 12 VDC

Imported to order

## IMUP-WP29V12 Weatherproof Panel:

### Components:

- Next Gen Murphy PowerView PV380 Controller (3.8" Transflective LCD viewable in Full Sun)
- Oil Pressure (0 to 100 psi)
- Water Temp (0 to 120 °C, 10ft Capillary)
- Water Pressure Hi/Lo (0 to 150 psi)
- Water Pressure Bypass Switch
- Run Timer to 100 hours
- Tacho/Hourmeter (0 to 4000 rpm)
- Keyswitch
- Charge Lamp & Fuse
- 12 VDC

Imported to order
